Sale of the Hotel Truckee was announced this week by Mr. and Mrs. N. F. Dolley.

The new owners are Edward and Eva Aweeka of Walnut Creek who will arrive here January 1 at which time the sale becomes effective. Aweeka has been engaged in business and was a carpenter in the bay area. Both Mr. and Mrs. Aweeka are pleased with the community in which they will make their new home.

Nevada Votes To Contribute Funds

Nevada's Olympic Commission Saturday voted to contribute $200,000 to the California Olympic Commission to assist in financing facilities for the 1960 Winter Olympic Games.

The Nevada agency accepted a promise by the Olympic Organization Committee to bring the Slide Mountain area, Reno Ski Bowl, up to Olympic standards in time for the games. In case Slide Mountain should be needed at the time of the Olympics, the Nevada money would be used to make any necessary improvements.

The first public meeting of the NOC was surprisingly quiet, compared to the furor which took place during the last week. But there still appeared to be fundamental differences of opinion as what the NOC was supposed to do.

Commission members said they felt the 'appropriation was made as a goodwill gesture" and they would not be following the intent of the Nevada legislature if they specifically earmarked some of the $200,000 to be spent in Nevada.

The formal resolution suggested the money be used for a spectator's center now under construction at Squaw Valley. The Nevada commission recommended it bear the name of the state and be dedicated by Nevada's governor.

There was no discussion whatever of the additional $300,000 a California official said earlier this week Nevada had pledged to aid in staging of the games.

BRUNKER SELECTED AT REPUBLICAN MEET

At a meeting of the Republican central committees from Nevada, Placer and El Dorado counties held in Nevada City last week, members endorsed Wallace Brunker of Nevada City as their choice for a candidate to succeed Harold T. Johnson in the California State Senate.

There were seven potential candidates for the office, six of them present at the meeting which was attended by 33 committeemen and approximately 150 interested others. All the potential candidates there agreed to drop out and work for the election of Brunker.

Bill Finger of Roseville, the seventh man in the start, did not appear at the meeting and declined to drop out of the race at this time. Hal Welch of Truckee was among those who had expressed a desire to run but who agreed to withdraw in favor of Brunker.

Ralph Schorr, Nevada County committee chairman, presided at the meeting.

Work Speeded On Telephone Work At Squaw Valley

OLympic 8 New Prefix As Cutover Planned For December 30

Pacific Telephone and Telegraph Company is going full speed ahead in preparations for the 1960 Winter Olympics at Squaw Valley and the cutover is planned for December 30, Ed Bean, manager for the company in this area, revealed this week.

Getting ready for the Olympics —and 37,000 visitors a day—takes a lot of work, Bean explained and company crews have been on the job in the valley since July. When the Olympics start in February, the company plans to have 1200 phones in the area.

Incidentally, these being the eighth Olympic Winter Games, the prefix at headquarters will appropriately be OLympic 8.

Normally it takes years to develop a telephone system that will take care of the needs of some 37,000 people daily. But the Pacific Telephone and Telegraph Company has been called upon to provide such a system in a matter of months for the VIII Olympic Winter Games, Bean declared.

Work is going ahead at top speed to provide telephone lines to handle the requirement of the general public, participants and officials, and press, radio and television personnel.

First of all, nearly 100,000 feet of telephone cable—that's almost 19 miles—already have been installed under ground in Squaw Valley.

Between now and February 18, 1960 opening day of the Games three separate switchboards also will be installed. One of them, a 60-line board, will handle the upcoming North American Championships, which will be held at Squaw Valley February 21-March 3, 1959. Another, a 40-line emergency board, will be installed to take care of Squaw Valley's emergency fire protection system. Still later will come the installation of the main switchboard to handle the major traffic during the actual games, the manager said.

Also due for installation next year are the telephone instruments and teletypes, as well as public telephone service and intercommunications facilities between various games buildings, Bean concluded.

Cadet Walker attended Tahoe and Truckee High School, where he was senior class president and played center on the football team.

PATRONIZE LOCAL STORES

SUNBEAMS

By WALTER M. BARRETT

Frequently we hear people say that Christmas is a "racket" a commercially promoted holiday holiday designed to swell sales in stores and develop a sense of giving. One would be cold indeed to really believe this. It is true that commercialism enters the picture and fortunately gifts are made available for purchasers. No one is forced to buy and no one is forced to give, but the very fact that countless thousands do just that, and enjoy it, adds to the true spirit of the holiday and we feel sorry indeed for the person who really feels that the observance of the birth of Christ has been turned into a "racket". Quite naturally, stores profit from Christmas sales, but they are providing a service, making it possible for their patrons to select gifts for loved ones and thus fulfilling the real meaning of Christmas. It is unfortunate that this same spirit of giving cannot be continued throughout the year, but it is certainly no "racket" to buy and give on this very special occasion.

MERCHANTS EXTEND GREETING TO FRIENDS

STANFORD ACQUIRES FALLEN LEAF LODGE

STANFORD—Stanford has purchased historic Fallen Leaf Lodge near the southern end of Lake Tahoe for a summer alumni camp. It will be known as Stanford Sierra Camp.

The resort, boasting 52 one to four-room cabins and a few hotel-type rooms and situated on Fallen Leaf Lake, was acquired from the owners, Mrs. Harriet Price Craven and Mrs. Frances Price Street, both Stanford graduates, for $150,000 by the Stanford Camp Association, a non-profit California corporation.

Although the camp has the approval of both the university and its alumni association, it is independently financed and self-sustaining, Wallace D. Cathcart, the president of the Stanford Camp Association and a San Francisco certified public accountant, said.

Fallen Leaf Lodge was founded by the late W. W. Price 50 years ago after being operated as a boys camp for several years. The name, Fallen Leaf Lodge, is being retained by the former owners.

Stanford Sierra Camp, managed by Bruno Humasti, Palo Alto teacher experienced in resort operation, opens June 20 and closes September 5. Each summer about 1300 persons, including Stanford alumni and their families, faculty members and friends, have attended the camp, Cathcart pointed out.

Reservations for the camp are being handled by the Stanford Camp Association, Bowman Alumni House, Stanford, Cathcart added.

The camp is six miles from the famed Desolation Valley wilderness area rimmed by 10,000-foot peaks in the El Dorado National Forest.

Summit Road To Be Completed By 1962, Report Says

Bids Are Called On Work Between Emigrant Gap, Baxters

The state division of highways called Tuesday for bids on a $5.5 million freeway project along Highway 40 between Baxter and Emigrant Gap in Placer county.

The project, to be completed by mid-1961, involves grading and paving 7.8 miles of the major trans-Sierra route.

The next big Highway 40 project will be a 5.1 mile section west of Baxter, to be completed by the same time at a cost of $7.3 million.

A four-lane bypass ten miles around the dangerous Donner Summit grade will cost $17.5 million, and is to be completed by mid-1962.

When the three big jobs are finished, Highway 40 will be four lanes all the way from San Francisco to Reno with the exception of one 11 mile stretch east of Emigrant Gap. That last stretch, to cost $17 million, has not yet been budgeted and will not be done before 1963.

Incorporation Not New For Truckee

by DOUGLAS BARRETT

The committee of the Truckee Chamber of Commerce currently promoting municipal incorporation for the community was interested to learn that the town was once incorporated for many years but never had an active city government.

Thompson and West's History of Nevada County, 1880, reveals that upon a petition being presented to the board of supervisors signed by 160 legal voters of the town, that body incorporated the town as "The inhabitants of the town of Truckee" under the provisions of an Act approved April 19, 1856, by the legislature.

The incorporation contained the south half of the southwest quarter and the south half of the southeast quarter of section 10; the south half of the southwest quarter of the southeast quarter of section 11; the northwest quarter of section 14; the north half and the southwest quarter of section 15, and the southeast quarter of section 16, township 17 north, range 16 east.

The town government was to consist of five trustees, a treasurer, an assessor and a marshal, all to be elected January 18, 1879, and to hold office until the first Monday in May, 1879, at which time and annually thereafter the regular town election should be held.

The officers were accordingly elected but did not qualify, as a majority of the legal talent were of the opinion that the Act was annulled by the adoption of the Government Code. Since the incorporation remained dormant for several decades, the Secretary of State a few years ago declared it to be invalid.

At that time the historian found Truckee to have three hotels, four grocery stores, three dry goods stores, two general merchandise stores, one clothing store, one drug and stationery store, one variety store, one hardware store, one tin shop, one boot and shoe store, one furniture store, two markets, two livery stables, three breweries, one bakery, one carriage paint shop, one photograph shop, ten saloons, two jewelers, one dentist, two physicians, four attorneys, one bank, a post office, one Wells Fargo express office, a school, numerous mills and factories in connection with the then dominant lumber industry, a church and "a number of handsome residences and a great many comfortable and neatly kept cottages."

The population was about 2,000

Avalanche School Will Be Conducted At Squaw Valley

An avalanche training school, first of its kind in the California region, was announced today by Tahoe National Forest Supervisor Henry Branagh. The school, to be held at Squaw Calley January 5-11, 1959, will be attended by representatives of many organizations, public and private, such as the national ski patrol system, armed forces, public utilities, highway departments and ski areas. Supervisor Branagh pointed out that the reason for the forest service sponsored school is rapidly expanding use of Sierra Mountain areas in winter of which the Olympic Games are a notable example.

The school instructors will be men of long experience in avalanche research and control: M. M. Atwater and Paul Madden of the Tahoe National Forest; W. S. Davis, assistant regional forester in the division of recreation; and Richard Stillman and Nelson Bennett, leaders of the Olympic Games snow safety team. All five are ex-members of the 10th Mountain Division.

The trainees will see demonstrated and practice with the most modern and complete avalanche defense system in this country, everything from avalanche barriers of earth and concrete to 105 mm recoilless rifles.

Hopes For White Christmas Are Dim

The trace of snow accompanying a mild rain here Sunday and Monday did little more than settle the dust. However, considerable fell on the higher elevations and while skiing is still far from good, those willing to travel to the mountain peaks are finding some skiing possible.

The weather man has promised more snow for weeks but the prospects for a white Christmas are remote indeed.

Park Commission Again Hits Plan For Emerald Span

Excellent Plan Proposed By McCoy Rapped By Board

The plan of the state division of highways to erect a 1410-foot bridge across the mouth of Emerald Bay to eliminate one of the most dangerous and unnecessary conditions in the highway system, has met with an outspoken attack from the division of beaches and parks.

The commission had given general approval to a report made by State Engineer G. T. McCoy calling for eventual construction of a shorter, all-weather, low-level route costing $4,615,000 and including the picturesque span.

McCoy's proposals were contained in a supplementary report to the commission based on geographical, snowslide and other studies conducted by the division of highways since an earlier report was made in October, 1957.

McCoy's report contains comparisons of alternate route possibilities, one generally along the existing highway skirting the bay and the other the low-level route.

Crowded Classes At Lake Studied

The anticipated enrollment decrease at the Kings Beach school did not materialize this winter and as a result the board of governors of the Tahoe Truckee Unified School District are faced with a problem of crowded conditions.

As a matter of fact, the board learned at the meeting last week that more children are currently enrolled at the school than during the opening weeks. If the eighth grade is returned to that school next year, additional classrooms will be required.

At the same time the board discussed building additional classrooms at the Donner Trail School on the summit.

Superintendent John Corbin was asked by the board to notify the North Tahoe Businessmen's Association that the organization's sign located on school property east of the high school would not be disturbed until it interferes with the construction project, now suspended for the winter.

The North Tahoe Fire Control District has informed the board that the stall for storing the school bus at Kings Beach will not be available this year.

Mrs. Ilse Bisson has been employed as cook at the Donner Trail school.

JOYCE HALLETT IS WED TO DALE HALL

Surprising their friends on Saturday evening, Miss Joyce Joann Hallett became the bride of Dale Leland Hall at a religious wedding ceremony at Reno, Nevada, with only members of the immediate families present at the service.

The benedict is the son of Mr. and Mrs. Robert Hall of Long Beach and Truckee.

The young couple, who have been receiving felicitations since their marriage, plan to live in the Meadow Lake District.

For most of us there is nothing quite so depressing as the day after Christmas. The tree has lost some of its sparkle, the place where gifts were kept looks strangely bare, the toys have lost some of their charm. The Christmas season loses much of its joy on December 26th. Pastor Taylor will discuss this subject in Sunday's sermon entitled: "Leftover Christmas."

CHRISTIAN SCIENCE
How to gain freedom from fear by following the words and works of Christ Jesus will be a theme presented at Christian Science services Sunday.
Reading from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy comprise the Lesson-Sermon entitled "Christian Science."
Scriptural selections will include the Psalmist's words (56:3,4): "What time I am afraid, I will trust in thee. In God I will praise his word, in God I have put my trust; I will not fear what flesh can do unto me."
From Science and Health will be read the following: "Christian scientific practice begins with Christ's keynote of harmony, 'Be not afraid!!" (410:29-30).

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

The crispness in the air, the smell of pines and the fragrance of good things to eat mingling in the air, and the glow on everyones face—especially the children— all these are the signs of Christmas.

Christmas Tree

The children's faces were all aglow on Friday, December 19th, as Santa approached the huge Christmas tree in the center of Tahoe City. His sleigh was drawn by horses, but to the children those horses looked an awful lot like reindeer. I have never seen such a wonderful Santa Claus with his jovial laugh and his gentle manner to all the children. Thank you Santa for the everlasting impression of a kindly warm Santa which you gave my little girl and all the other children. This tree event is an annual occasion sponsored by the Tahoe Rotary and backed financially by the many clubs and individuals in the area. I would like to thank all of you who had a part in making the tree so much fun for the children. All of us parents appreciate it.

Women's Club

The Women's Club of Tahoe City is distributing favors to all the patients in the Tahoe Forest Hospital for Christmas. These favors are Christmas cards made into cute little houses stitched together and buttonholed, and looking inside there is either a greeting or a scene. These houses will be filled with candies and cookies. Also sent to the Veterans' Hospital at Reno last week were many boxes of candy and cookies wrapped gaily in Christmas wrapping. These gifts will be placed under the veterans' Christmas tree for their annual party. In this way, each veteran receives a gift. The boxes that are left over are sent to needy persons in the area who might not have a Christmas present otherwise.

Tahoe Squaws

A festive cocktail party and dinner was held for the Tahoe Squaws and their husbands. The party was under the chairmanship of Mrs. Charles DeLacy and co-chairmanship of Mrs. James Brehler. The cocktail party preceding the dinner was held at the home of Mrs. Ricardo Giannini in Tahoe Park. The house was decorated in the gala splendor of Christmas. The dinner following was held at the Pfeifer House, with a wonder-

APPEAL FOR SAFE DRIVING IS ISSUED

Sergeant Frank Snyder, head of the California Highway Patrol's area office in Truckee, today issued an appeal to all motorists in the coming holiday season.

"The tragedy of a fatal traffic accident, great as it is throughout the year, is manified when is occurs during the Christmas season." Sergeant Snyder declared. "Any traffic law enforcement officer who has ever been called upon to perform that most difficult of all duties—to inform a person that a love one has been killed—knows what this tragedy means. But he doesn't know it nearly as well as the victim's loved ones."

The highway patrol official said he has completed plans for a maximum enforcement program during the holidays. Particular attention, he said, will be given by his officers to the more hazardous, accident-causing violations.

"Excessive speed and right-of-way violations are two of the most frequent causes of traffic accidents. We will be especially alert for these infractions. We will also be attentive to those drivers who have been drinking because we want to get them off the highway before they get themselves and others into serious trouble," Sergeant Snyder declared.

STORM DAMAGE JOB AT ALTA COMPLETED

Repair of storm damage to the Placer County road between Monte Vista and Alta road has been completed it was announced by the division of highways this week. The repair work was done by Smith-Wehner Company, inc., of Fresno at an approximate cost of $18.900.

The county road will be used as a detour during the construction of a four-lane freeway on Highway U.S. 40 between Monte Vista and Baxter. Funds for the construction of this section of freeway are included in the 1959-60 budget of the division of highways.

The repair work was done in six locations of the 2.6 mile detour. Under the completed contract, the failed areas were sacrificed, perforated metal pipes were installed and the grade of the roadway was raised. In addition, sections of fill material that had slipped out were replaced, and plant-mixed surfaced dikes were constructed to channelize the flow of surface water.

WEATHER

After our summer weather, a little precipitation has fallen upon us, to the delight of youngsters and ski resorts. Up to the moment, Sunday night, it has been very slight. This beautiful Lake Tahoe looks like 'Fairyland' and we will have a 'White Christmas after all.

CHILDREN'S PARTY

I'm sure one of the most thrilling sights for young and old was at 1 p.m. Saturday the 20th, when Santa Claus came to town riding on a big red fire truck—with all the red lights and sirens going. He came up the golf course to the beautiful lighted Christmas tree where a big bon fire was going and it seemed like hundreds of youngsters were excitedly gathered waiting to receive their presents and bag of "goodies'. Bill Heise was the plump, jolly old Santa with several wonderful local boys as his helpers. The party was sponsored by the local service clubs and I'm sure we all extend our many thanks to the service clubs council and the boys' wonderful works not forgetting Gene Faulkner who really puts himself out for this affair.

HAPPY BIRTHDAY

Carol Bailey's daughter of Mr. and Mrs. Walt Bailey, 16th birthday is none other than December 25th, Christmas day. However

WINNER, FOURTEENTH AAA TRAFFIC SAFETY POSTER CONTEST

Carol celebrated on Sunday with her family. Mr. and Mrs. Harry Moore of Richmond, (Mrs. Bailey's Mother and Dad) are up to spend the holidays with them. Happy birthday, Carol.

WEDDING

Lake Forest was the scene last Sunday of a delightful wedding ceremony, when Herbert Eugent Neidig and Ellen Louise Jennings took the marriage vows with Judge Harry Charrison conducting the ceremony. About 50 attended with 25 attending from Sacramento. The charming couple was married in the pretty home where they will reside. We are fortunate to have them as members of the community.

UP FOR HOLIDAY

The San Harrison's of the Brockway Golf Course Road are up from San Francisco for about three weeks to enjoy Christmas and New Years at their favorite Lake Tahoe. George Harrison of Reno and his family will be up to spend Christmas with them.

MORE COTTAGES

Larry and Mrs. Ludlow tell me they are going to build six more new cottages at their beautiful Motel.

NEW GRANDCHILD

Mr. and Mrs. Percy Waters are the proud grandparents of a baby born on November 24th—his name is Scott Laurence and the parents are the Larry Waters now of Covina. They were former residents.

PROMOTION

Tim Mizner, son of Mr. and Mrs. Bill Mizner has recently been made 'Major' at the San Rafael Military Academy—a wonderful honor, congratulations Tim. He and Gwenny, who is attending school at the Katherine Branson School at Ross, are home for the holidays.

CRYSTAL BAY CLUB

The Crystal Bay Club wishes to announce that they will be closed all day on Christmas to enable all of their employees to enjoy the holiday.

Merry Christmas.

"Brother—they ought to put that one in jail!"

Why all the carelessness, bad manners, outright law breaking? Because someone's in a hurry or just isn't thinking? Pretty silly reasons for flirting with death. Nearly 40,000 died last year in traffic accidents, many because good drivers drove recklessly just once. Keep your head!

Help stop senseless killing. Drive safely.

WORSHIP TOGETHER THIS WEEK

STRICTLY STRICKLAND

By Bill Strickland

The open meeting of the Nevada Olympic Commission was held Saturday in Reno. All five members of the Commission were present. E. J. Questa, Chairman, George Wingfield, Jr. and Francis R. Smith, John Kinnear of McGill, and Julian Moore of Henderson.

Nevada's contribution of $200,000 will be turned over to the California Olympic Commission and be used in the construction of a permanent building on the Squaw Valley site. A suitable name will be given to the building which will credit Nevadas contribution on a lasting basis.

The Nevada Winter Carnival Intercollegiate Downhill, and the Silver Dollar Derby will be the pre-vue races in determining the final approval.

It isn't a case of speculation as to whether it will be used or not. The International governing body requires an alternate site regardless of whether it is used or not.

Another statement will be forthcoming soon from the Nevada Olympic Commission urging all business people in the area, as well as any interested individuals, to get behind the California Nevada Ski Club in their effort to raise funds for the staging of the various preliminary events that will be held this year—as well as 1960. The members of the California Nevada Ski Club will be asked to aid in the officiating as well as to contribute financially.

Their contributions will in no way provide adequate funds to stage these meets; so, they must, of necessity, solicit outside help. If every business firm in the entire area, yes—even in both States, who will benefit from the Eighth Olympic Games, would contribute $50 each as their share of the promotional expense, the Host Ski Club and Far West Ski Association could put on a show that would probably never be surpassed. The estimated cost of being the host club for events for the next two years will be around $75,000 so you can readily see why everyone connected with skiing will be asked to share in this program.

You will receive many more benefits of the games than a $50 allocation for publicity would provide on a singular basis.

With those low clouds hovering over the mountains this past weekend for the first time in six weeks, I've had my ear tuned for the sound of helicopter motors, figuring someone would be doing a little cloud seeding to help nature along in providing some extra snow. So far I haven't heard a sound though-it's a sure cinch you can't do any seeding in bright cloudless skies.

Watched the artificial snow making machines in operation on the Rattlesnake Mountain Ski Company's hill yesterday. It certainly falls way short of natures way, but still provides a prodigeous amount in proportion to cloudless skies.

The machine made snow is also, for some reason, much more immune to warm weather and sunshine than is natures product.

ful turn out and a good time had by all.

SING HIGH MASS

The children's choir of the Corpus Christi Catholic Church in Tahoe City, under the direction of Maizie Carnell and accompanied by Pat Vanni will sing the Mass on Christmas Eve. This will be preceded by Christmas Carols. The children will all be attired in robes which they and their mothers have worked to acquire. The children went from house to house selling misletoe and the mothers baked up a storm of good things to eat and these were sold at the local stores. The young choir of voices include: Johnny and Tommy Carnell, Anna Marie and Kathy Conners, Jeff Lodi, Paul Sullivan, Martie Spitzen, Mindie and Cal Bechdolt, Julie Ann, Sheryl and Jimmie Bechdolt, Karen and Diane McBride, and Steffie Snyder. The children have worked very hard learning Latin for this occasion and are quite proud of their achievement. The singing of the Carols will begin at 11:30 with Mass beginning at Midnight. There will be guests singers for the evening—Betty Holbrook of this city and her sister Jeannie from Apple Valley. What more wonderful way to welcome Christmas than by attending church and worshiping. For this is the true meaning of Christmas, to celebrate the birth of the Christ child. Most all of the churches in the area will be conducting services on these days, and just making the effort to attend, would indeed be a gift and a tribute to the spirit of Christmas.

May all of you have a very merry Christmas and may the spirit of giving and love which abides in this season remain with all of you throughout the new year.

SNOW AT TAHOE

TAHOE CITY—In the first storm for several weeks, Tahoe City received three inches of snow Sunday and Monday with a quarter of an inch of precipitation. The temperature for the week ranged from 25 to 50 degrees. With seven gates partly open, the level of the lake Monday was 6227.26 (provisional and subject to revision).

EMERALD BAY

Continued from Page 1

route of the existing 7.75 mile section between Tallac Creek and half a mile north of D. L. Bliss State Park, including a 1300-foot tunnel under the slide area north of Bay View Rest, would cost $4,770,000 and would not offer any certainty of year around operation.

The low-level route, on the other hand, could be two miles shorter in distance and would save motorists nearly three times as much in operating costs over a 20-year period, in addition to making all-year operation possible.

While the low-level route would traverse portions of Emerald Bay and the Bliss Park, the report states that "reasonable adjustments" can be made through negotiations with the division of beaches and parks concerning the facilities affected. Finally, McCoy called the commission's attention to the fact that the need for improving heavily-traveled U.S. 50 in El Dorado County will make major expenditures on State Route 89 in the Emerald Bay area unlikely for the next few years.

INTERIM ACTION

In the meantime, therefore, he recommended the commission consider improvements on the most critical portion of the existing route between Tallac Creek and Bay View Rest.

Cost of the latter project would approximate $1,000,000.

Meeting in San Francisco, the state park people, ripped the report by claiming the bridge "will destroy the natural beauty of the lake and completely disrupt the operation of one of the most beautiful camp grounds in the country."

The fight against the improvement was led by Newton B. Drury, director of the division and Joseph R. Knowland, park commission Chairman.

Nothing was said by the park commission about the lives in attempts to keep the antiquated route open, nor about the danger to motorists utilizing the present route.

WOULD ADD BEAUTY

Properly engineered, the new bridge and highway would not only add to the beauty of the area, as the bridges have in the San Francisco area, but would provide a means for thousands of motorists to view the beauties of the lake. The constant rock and earth slides which endanger traffic have placed a scar on the mountain above Emerald Bay which will take years to erase, sponsors of the new route point out.

They add that thousands of dollars of public money are spent annually clearing the debris off the slide area to permit minimum travel, while most motorists avoid the region and travel over the Nevada highway on the east side of the lake.

Reynolds, the choir rendered a number of selections and responded to applauses. The Misses Lynn Harper and Alex Cushing sang solos.

The birthdays of four members occuring within the week were recognized with birthday songs for each and each member responded with the customary $10 to the club fund. The members were Don Riech, Steve Korich, Tony Donadio and Jay Shontz.

December 16 was the annual club Christmas party and Bill Conners, the party chairman presented each member with a windshield snow scraper. President Martin Spitsen, noting the name of Bill's service station had been printed on the handle, assessed a $10 fine for advertising at a club meeting. M. O. Johnson, a dinner guest of Bill Bechdolt, added $150 for the staging of the childrens Christmas party under the big pine tree on last Friday night. He also gave another $150 for the Tahoe City volunteer Fire Department. To show their appreciation for past and present contributions to worthy causes, the members stood while applauding. A number of the club members belong to the fire department.

It was reported at the meeting that Bill Hevel, a former Tahoe City resident was seriously ill in the Auburn Hospital. Mr. and Mrs. Hevel moved to Auburn several years ago. The nature of the illness was not known.

EDGAR RICE BURROUGHS'

HIGH ABOVE THE JUNGLE WORLD, TARZAN AND ITO HAVE GAINED THE SUMMIT OF A GREAT *SKYLAND* VALLEY... HERE, A PREHISTORIC VOLCANO--A MILLION YEARS AGO-- BLEW ITS TOP, AND LEFT A LUSH VALLEY AND CRATER LAKE.

CHALLENGED BY A PAIR OF *GIANT* LIZARDS - DESCENDANTS OF PREHISTORIC MOUNTAIN LIFE - TARZAN AND ITO WAIT FOR THE GREAT BEASTS TO GORGE ON SWARMING BLIND BATS - THEN DASH PAST THEM THROUGH THE MOUNTAIN PASS.

BILL ELLIOTT JOHN CELARDO

A PREHISTORIC VOLCANO'S *SKY VALLEY*, A CRATER LAKE -- TO BUILD OUR HOME BESIDE!

JUST FOR *US*, TARZAN! I SEE NO OTHER *PEOPLE!*

CORN, ITO, IS '*THE STAFF OF LIFE*' -- WHILE WE HAVE *CORN* WE'LL NEVER STARVE!

I WONDER *HOW* CORN SEEDS GOT *HERE!*

WE'LL BUILD A CABIN ON THE EDGE OF THE LAKE. THIS LOOKS LIKE A *LOST-WORLD PARADISE*--A *PLACE* OF *PEACE!*

MEDICINE MEN SAY THIS MOUNTAIN *VERY BAD* PLACE! WE BETTER LOOK FOR SOMETHING *BAD!*

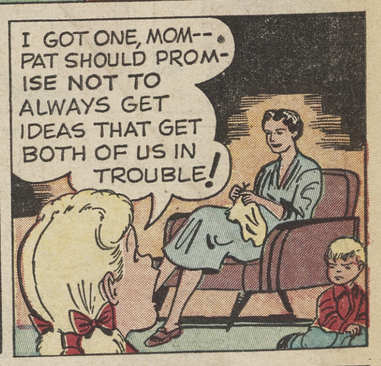
WHAT'S A NEW YEAR'S RES'LUTION, MOM?
A RESOLUTION IS SORT OF A PROMISE TO YOURSELF--JUST THINK OF ALL THE NAUGHTY THINGS YOU DID DURING THE PAST YEAR AND THEN RESOLVE NOT TO REPEAT THEM DURING THE COMING YEAR.
GOSH--THAT WOULD TAKE A LOT OF THINKING—

©1959, Field Enterprises, Inc. All rights reserved Reg. U. S. Pat. Off.
YES, IT WOULD--BUT I'LL BE GLAD TO HELP YOU REMEMBER SOME OF THE THINGS YOU SHOULDN'T DO AGAIN.

YOU SHOULD TRY TO REMEMBER TO WASH BEFORE EVERY MEAL WITHOUT HAVING TO BE TOLD--AND TO BE RESPECTFUL TO YOUR ELDERS--EVEN SALLY AND LARRY.



THAT'S RIGHT--AND YOU BOTH SHOULD PROMISE NOT TO PESTER LITTLE BUSTER BLOWSY ANY-MORE
FORGET IT--IT WON'T DO ANY GOOD FOR ME TO MAKE ALL THOSE PROM-ISES.
